

## NEW INAUGURATION IDEAS

Loving Favors More Simple Ceremony

HE REGARDS IT AS SERIOUS

Would Have It Impressive—More Use of Drawback in Tariff Advised—Congress Likely to Take Up Chiefly Routine Business.

Washington, Nov. 18.—Representative William C. Loving has arrived in town and lends his influence to the gentle movement under way for simplifying the inauguration ceremonies. "Personally, I favor simplicity in the inauguration ceremonies," says Mr. Loving. "The inauguration is a serious affair. For that matter, our election is a serious affair. Hence, I think the ceremonies attending the inauguration should be simple and impressive. Let the fireworks and things of that kind take place on the Fourth of July."

Asked concerning the probability of tariff legislation, Mr. Loving, who is one of the strongest advocates of an increased use of the drawback, said: "The committee is in a receptive mood just at present. It is listening to what people have to say. People who want duties are being heard now. The other side will present their case later. I think the coming session of Congress will be devoted largely to routine matters like appropriation bills."

## Little Soldiers in Your Blood

Are the millions of white corpuscles that defend you against disease, by protecting the red corpuscles and the bodily tissues from disease germs.

To make and keep these little soldiers healthy and strong, is simply to make and keep the blood of the right quality and quantity.

This is just what Hood's Sarsaparilla does—it helps the little soldiers in your blood to fight for you against all infectious and contagious diseases, such as typhoid fever, scarlet fever, diphtheria, grip, etc.

It cures scrofula, eczema, eruptions, catarrh, rheumatism, anemia, nervousness, that tired feeling, dyspepsia, loss of appetite, general debility, and builds up the whole system.

It purifies and enriches your blood.

It multiplies and develops your red corpuscles. It increases your vitality.

"I believe Hood's Sarsaparilla the best all-round family medicine known today," Mrs. G. D. Farley, 632 Wilder St., Lowell, Mass.

In the usual liquid form or in the chocolate tablets known as Sarsatabs. In either form, 100 Doses One Dollar.

### BECOMING INTENSE.

Interest in Harvard-Yale Game is at Fever Heat.

Boston, Nov. 18.—The interest in the coming football contest between Harvard and Yale at New Haven is daily becoming more and more intense and the two lines of railroads, the New York, New Haven and Hartford, and the Boston and Albany divisions of the New York Central are preparing to handle a tremendous crowd of Bostonians by transporting them to and from New Haven in 36 special trains, the largest number ever ordered out for the contest.

Two years ago the railroads sent the crowd easily in 24 specials, which was then a record, but the demand for accommodation this year has already exceeded that of previous years and by Saturday it is expected that the railroads will be asked to transport between 10,000 and 12,000 people from this city and fully as many more from other directions.

"Speculator's Row," as that part of Washington street between Franklin and Mills streets has come to be called, opened for business yesterday and today there was an active traffic in football tickets, although the vendors were shy in showing their offerings, for fear that the Harvard and Yale football authorities would obtain the numbers and cancel them. Negotiations were, therefore, of a private nature in the recesses of the doorways, although the dealers openly shouted their wares.

### NO GOVERNMENT GUARANTEE.

Is Decision Relating to Pure Food Regulations.

Washington, Nov. 18.—According to a sweeping decision by the commissioner of patents, any label bearing the inscription "guaranteed under the pure food and drug acts, June 30, 1906," where such inscription is intended to imply that the government is responsible for the purity of the goods, will be refused registration. It is held by the officials that the government simply accepts the assertion of the manufacturer that the goods are pure and then investigate his business.

### TART CONTRIBUTIONS.

George R. Sheldon Will File List at Albany at End of Week.

New York, Nov. 18.—Treasurer George R. Sheldon and Assistant Treasurer Frederick W. Upham of the Republican national committee had a conference at Republican national headquarters here yesterday with regard to the filing of the list of contributions to the Republican national campaign fund. The list will be ready to give out, it is expected, the latter part of this week.

Mr. Upham brought from Chicago the list of western contributors, containing 6,000 names. The New York list contains about 7,000 names, making a total of about 13,000.

### WITNESS IMPLICATES LAMPHERE.

Says Defendant Told Him Mrs. Gunness Promised to Marry Him.

La Porte, Ind., Nov. 18.—That Ray Lamphere, on trial for the alleged murder of Mrs. Belle Gunness and her three children, had confessed to intimacy with Mrs. Gunness; that he had chased Helgelein with a gun, and that Mrs. Gunness had promised to marry him, were the sensational facts testified to today by William Slater, a friend and neighbor of the defendant.

## WRIGHT STIRS TARIFF MAKERS

Committee by His Utterance in Favor of Free Trade

PHILIPPINES AND CUBA

They Think It Is Taft's View—One Capitalist Gives Warning if Duties Aren't Lowered Cuban Annexation Will Result.

Washington, Nov. 18.—That the opinions expressed by Secretary of War Wright Monday in favor of free trade with the Philippines for tobacco and sugar are the views of President-elect Taft, was the freely expressed belief in the ways and means committee room of the House when the hearing on the sugar schedule of the tariff was resumed yesterday. Secretary Wright's familiarity with the industrial situation in the Philippines leads to the belief that he will disclose some interesting facts when he appears before the committee later.

The secretary of war attacked the so-called "sugar trust" and there is much speculation among those who follow closely the tariff hearings as to what effect the remarks will have in regard to the readjustment of the sugar schedule in the tariff bill, which is to be presented to the special session of Congress in March.

Chairman Payne of the committee intimated Monday that the Philippine tariff question might be taken up apart from the present hearings on the proposed revision of the tariff.

### ARGUMENTS CONCLUDED.

Justice Wright Begins Consideration of Compensatory Contempt Case.

Washington, Nov. 18.—Arguments in the contempt case of the Bucks Store and Range company against Samuel Gompers, Frank L. Morgan and John Mitchell of the American Federation of Labor were concluded yesterday. James M. Beck of counsel for the store company dissected the injunction of the court against the defendants and sought to show that they put themselves in contempt by officially publishing the name of the company in the "We don't patronize" list.

The name of President Roosevelt and his opinion of the boycott was injected into the argument of Mr. Beck. Counsel for the defendants objected, intimating but not charging that it was an attempt to improperly influence the court. Justice Wright overruled the objection and at the close of Mr. Beck's argument took the case under advisement.

### A MONORAIL LINE.

One Is to Be Constructed in New York at Once.

New York, Nov. 18.—A monorail railway from the Barrow street station of the New York, New Haven & Hartford railroad to the lower end of the city island will be built at once, according to a statement by its promoters, a permit having been granted for that purpose yesterday by the public service commission.

Bon L. Burrows, president of the American Monorail company, said that the construction of the road will be commenced as soon as local permits can be secured. The monorail company now controls the horse car line of the Pelham Park railroad and the City Island railroad.

### GREAT STEEL WORKS TO START.

Operation of Galt Plant of The United States Corporation to Begin Jan. 1.

### CAUSE FOR ALARM

Loss of Appetite or Distress After Eating A Symptom That Should Not Be Disregarded.

Appetite is just a natural desire for food. Loss of appetite or stomach distress after eating indicate indigestion or dyspepsia. Over-eating is a habit very dangerous to a person's good general health, and insatiable appetite is a sure symptom of diabetes.

It is not what you eat but what you digest and assimilate that does you good. Some of the strongest, heaviest and healthiest persons are moderate eaters. There is nothing that will create sickness or cause more trouble than a disordered stomach, and many people daily contract serious maladies simply through disregard or abuse of the stomach.

We urge everyone in Barre who is suffering from any stomach derangement, indigestion or dyspepsia, whether acute or chronic, to try Rexall Dyspepsia Tablets, with the distinct understanding that we will refund their money without question or formality, if after reasonable use of this medicine, they are not perfectly satisfied with the results. We recommend them to our customers every day, and have yet to hear of anyone who has not been benefited by them. We honestly believe them to be without equal. They are made from the prescription of a physician who devoted all his time to the study and treatment of stomach troubles. They give very prompt relief, neutralize the gastric juices, strengthen the digestive organs, create good digestion and assimilation, naturally regulate the bowels, promote perfect nutrition, and create a permanent cure of all unhealthy symptoms.

We urge you to try a 25c box of Rexall Dyspepsia Tablets, which gives 15 days' treatment. At the end of that time, your money will be returned to you if you are not satisfied. Of course, in chronic cases length of treatment varies. For such cases we have two larger sizes, which sell for \$2 and \$5. Rexall & Wells, The Red Cross Pharmacy, Miles' granite block.

## REGULATES DIGESTION

Leaving Nothing to Ferment in Your Stomach

END ALL THIS TROUBLE

Take Some Diapiesin and Rid Yourself of Indigestion and Stomach Trouble Forever—Absolute Relief is at Your Druggists.

When your stomach is weak or lacks "zest" in gastric juice, anything that you eat, no difference what it is, will sour in your stomach, raise the bile and acids to cover your food like oil on water, causing indigestion, dyspepsia, stomach nervousness and belching of sour poisons, which produce foul odors, nasty taste, bilious headache, heartburn, intestinal griping and make you an object of misery. This is stomach trouble which can not be overcome with ordinary digestive medicines. It is caused by fermentation of your food, which will be remedied at once by Pape's Diapiesin, a preparation pleasant to take and as harmless as candy, though it will digest and prepare for assimilation into the blood all the food you eat.

Indigestion is a result not a cause of your trouble. If the stomach is sour and unhealthy, your food becomes tainted, and that's what is causing the indigestion and gas on stomach and other miseries. Pape's Diapiesin is an antacid, powerful digestive and thorough regulator for weak stomachs. These triangles will digest any kind of food you eat and will cleanse the stomach and intestines in a natural way, which makes you feel fine five minutes afterwards.

Any good pharmacy here will supply you with a case of Pape's Diapiesin for fifty cents. Just reading about this remarkable stomach preparation will not help. You should go now and get a case. Put your stomach in full health and by tomorrow you will forget the misery of stomach trouble. Your case is no different from many others. It isn't stomach nerves or catarrh of the stomach, or gastritis, or dyspepsia. It is food rotting—Food fermentation—that's all—and takes about five minutes to overcome.

## SUIT AGAINST MRS. JACK GARDNER

Government Wants Forfeit of Goods Alleged to Have Been Smuggled.

Chicago, Nov. 18.—Suit for forfeiture to the government of property valued at \$82,000, said to belong to Mrs. "Jack" Gardner of Boston and alleged to have been smuggled into this country from England by Mrs. Emily Crane Chadbourne, was begun in the United States district court by United States District Attorney Sims today.

The suit runs against no individual defendant, but against "one Madonna, two Italian frescoers, one marble bust, five tapestries, and other property of the appraised value of \$28,500. The suit is purely civil.

## Hat Pins

made out of Real Roses

Real Rose Hat Pins

It does not seem possible, yet it is true, that these Hat Pins are made out of real live roses, changed entirely into metal by a secret process, preserving every detail of the rose from which each pin is made. They can not break, and will last for years. This discovery is without doubt one of the lost arts of the ancient Egyptians. They are the most beautiful of all hat pins. No two are alike. Flashed in five colors, to conform to the prevailing fashions in millinery. Made in six sizes, from the smallest rose bud to the full-blown flower. These pins are made by the genuine DELAMOTHE secret process, the only process by which an open rose can be perfectly realized. Don't buy an inferior imitation. All genuine DELAMOTHE Metalized Real Rose Hat Pins have the name stamped on the pin.

We have the exclusive sale of DELAMOTHE products for this city. See the exhibit in our display case of this wonderful discovery.

## KAISER AGREES TO TERMS

Accepts "Suggestions" Made by Von Buelow

A REICHSTAG VICTORY

Chancellor Laid Situation Before the German Emperor—Von Buelow Will Remain—"Perfect Understanding" Said to Be Reached.

Berlin, Nov. 18.—The Kaiser received Chancellor von Buelow yesterday morning in the new palace at Potsdam. As a result of their two hours' interview, the crisis, so far as von Buelow's relations with the emperor are concerned, is at an end. The chancellor will remain in office.

At the close of the interview it was unofficially announced that the Kaiser and von Buelow had reached "a perfect understanding." The Kaiser, it was said, listened to a long statement of the chancellor's views on the situation as well as a review of the proceedings in the Reichstag and the federal council. Von Buelow's statement also included a description of the general public attitude on the subject.

Von Buelow then submitted proposals for dealing with the questions raised by the publication of the recent interview in the Daily Telegraph, together with "suggestions" regarding the Kaiser's future policy in respect to such questions.

The Kaiser in reply agreed to the chancellor's views and accepted his proposals.

The exact nature of the agreement, which the Kaiser thus subscribed to, was not given out at the time, but it was expected that an official statement would be forthcoming within a few hours.

### Von Buelow Acquiesced.

Von Buelow, accompanied by his military adjutant, Major von Schwartzkoppen, journeyed to Potsdam yesterday morning in a first class compartment of an ordinary suburban train. When he arrived at the railway station, a few minutes before the departure of the train he looked very pale but composed.

An acquaintance approached the chancellor and told him that the entire German people accompanied him in thought on his difficult mission to Potsdam.

Von Buelow replied gravely: "I have no other idea than to do my duty toward the German people."

The acquaintance expressed the hope that in a few hours the people would be able to shout, "Heil von Buelow!" The chancellor replied, smiling, "One cannot tell how things will turn out."

The little crowd that witnessed the chancellor's departure was greatly interested in a heavy black portfolio carried by Major Schwartzkoppen. It was known to contain certain documents and press cuttings which the chancellor proposed to lay before the Kaiser in support of his case.

The court carriage that awaited the chancellor at Potsdam conveyed him to the palace, where the Kaiser had arrived a few hours previously. Von Buelow was admitted immediately to the imperial presence.

The Reichsanzeiger, the official gazette of the empire, published last night under the sanction of the emperor, the following statement in full: "In the course of his audience granted yesterday by the emperor to Chancellor von Buelow, the chancellor described to the emperor the mood of the nation and explained his position with reference to the debate in the Reichstag of last Tuesday. The emperor listened to these explanations with great earnestness, and expressed his will as follows:

"In the course of the obvious incorrect exaggerations, his majesty considered his principal aim to be to secure the continuance of the imperial policies under the safeguard of constitutional responsibilities; he approved the chancellor's address in the Reichstag and assured the prince of his continued confidence."

The emperor's act, taken together with the circumstances leading thereto, is regarded as a far step in the direction of a government responsible to the Reichstag. But it is only a step and should his majesty go beyond the spirit of his assurances there is a likelihood of the adoption of other measures to compass the desired end."

### ONLY ONE LEFT-FOOTED PUNTER.

Clay of Annapolis is First in a Long While

Punters who boot the ball with their left foot and quarterbacks who handle the pigskin mostly with their left hand are rarely seen on the gridiron, yet the East boasts of two such oddities. Clay, one of the backs on the naval academy eleven, does most of the punting for the navy, and he does it with his left foot. He kicks a peculiar spiral that is extremely difficult to handle and the opposing backfields have trouble judging his kicks. Clay is the first left-footed punter the East has seen since the days of Malcolm McBride the Cleveland boy who was a star at Yale back in the late 90s. McBride used to kick the ball over the line with terrific speed, and his punts traveled much farther than the men who kicked the pigskin high in the air. Yale, however, has a left-handed quarterback this year in young Corey, the son of the steel king Corey, does most of the handling of the ball with his "south paw," and the opponents of Yale have a hard time discovering whom he really intends to pass it to.

### HAAS URGED TO SHOOT HENEY.

Neighbor Woman Says He Talked to Her Before The Attacks on Prosecutor.

San Francisco, Nov. 18.—In the effort to establish more clearly the motive of Morris Haas, who shot Prosecutor Heney, the police have renewed their examination of Mrs. Miriam Cohn, the neighbor to whom Haas confided his intention of killing the officer who had exposed his criminal record. Mrs. Cohn stated that Haas had several times threatened suicide, and announced that he would take another life when he killed himself. On one occasion he declared she said, that he was going to kill his wife and their four children. Asked whether Haas ever said anybody was encouraging or advising him to kill Mr. Heney, she replied:

"No, not in the least. He said in an off-hand manner, however, people say they are sorry for me, and they feel that he ought to be fixed and all that. They don't say it in plain words, but actions speak plainer than words. They mean if they were me they would take the law in their own hands."

Yesterday the coroner held a demonstration to determine whether the Dr. ringer with which Haas committed suicide in his cell could have been hidden in his shoe.

### WRIGHT MAKES FINE DESCENT.

He Comes Down from a Flight in a Spiral.

Le Mans, Nov. 18.—Wilbur Wright made five flights last evening, the first, with Comte de Lambert, his pupil, of nineteen minutes; the second, with Captain Lucas Georgeville, twenty-one minutes, and then five minutes with the Marquis de Vienne, the quarry of King Alfonso. Mr. Wright wound up by taking Senor Quintana de Leon, a member of the Spanish Cortes, for a flight of eight minutes. He then made a flight alone. His subsequent descent was thrilling, the aeroplane describing a spiral as it came down to the earth, being under perfect control all the time.

### FIRE IN ARMY WAREHOUSE.

Tents and Bedding Destroyed in New York.

New York, Nov. 18.—The big warehouse used by the United States army as a medical supply storehouse for the department of the East at 393 and 395 Washington street, was seriously damaged by fire yesterday. The fire was confined to the sixth floor, where it started, but fully \$50,000 worth of tents and bedding stores were ruined, the building itself was damaged, and the fifth floor, which is used for offices, was flooded by water. It is believed that medical stores valued at \$40,000 in the lower floors of the building escaped damage.
